INDIANA SEED AND AGRICULTURAL WAREHOUSE. No. 323. Grist Mill and Woolen Factory, 6 miles SCOTT'S LITTLE GIANT

CORN AND COB MILL. PATENTED MAY 16, 1854, S doubtless in invention among the most important of modern times, for the use of well advised termers and stock feeders—and the universal favor with which it has been received from the first, more than anything else. has been received from the first, more than anything else, aftens its utility and superiority.

For partability, simplicity of construction, and convenience or use, the Little Glant has no equal. It weighs from three to five bundred pounds, according to size; can be put up in operation by the farmers in 70 minutes, without expense or mechanical aid, then adjusted and used with convenience by any body.

The Little Glant has received the First Premium at every State Pair from Missouri to Maryland the past Fail, and that is the most considerant resumer. and that in the most complimentary manner.

These Mills are guaranteed in the most positive manner against breaking or decangement and warranted to grind feed from ear corn, and grits on fine hominy from shelled corn, with a degree of case and convenience for

farm purposes never attained before.

The subscribers are now prepared to furnish the farmers with improved patterns and size to suit the varied No. 2 is offered at \$40 complete, ready for attaching the toam, and warranted to grind 10 bushels of feed per hour with one horse. No. 3 at \$50, will grind 15 bushels per hour with 2 horses. No. 4 at \$60, will grind 20 bushels per hour with two horses.

We own the entire and exclusive right to make and use, and vend to be used, the above named Mill in the countles of Marien, Hamilton, Madison, Morgan, Hancock, Rush, Decatur, Bartholomew, Johnson, Hendricks and floore, -and shall be at all times happy to furnish Mills at manufacturers prices, and will allow a liberal

commission for orders, the money in all cases to accomin the above named counties, and prosecute all in ments upon them promptly.
